Storytelling – Too Late Is Still A Time

The first letter arrived on a Tuesday morning. Folded carefully. No return address. Bode almost threw it away. Only the handwriting stopped him... Years had been wasted. Love damaged by ego. Still, sitting beneath the cold lights, Bode understood something life rarely teaches early enough: too late was still a kind of time.

Poetry – Depression

Viens popping, bubbling as though it would explode... Indeed the mind controls the body... Life challenges are bound to occur, Resistance to mental disturbance is the ultimate cure.

Promotional Poem – A New Season

Creative Humour – The Blood Covenant
